COASTAL AgroVision Precision Technologies

# Prepare Now for Next Season's Profits

## *Tune up your planter now for future success*

**Let us transform your planter**

98%+ Accuracy: A seemingly small difference over typical meters, but a big impact on **Yield** and **Return On Investment**.

**Coastal AgroVision** is here to bring your precision and accuracy where it should be.

*Call today to service and calibrate your meters.*

**Service and Calibration includes:**

- "As is" testing
- Clean and inspect
- Check parts and operation
- Replace parts as needed
- Retest and adjust
- Certificate of performance for:
  - Population
  - Singulation
  - Skips and multiples

All testing performed with:

MeterMax® Ultra SeedSense®

## Improve Precision and Accuracy

# $5 Off Per Meter

**Through December 31, 2021**

**Contact your Coastal Solutions Advisor for complete details.**

***Meters must be scheduled and received by December 31, 2021 to receive discount**
