*Plant nutrients derived from Aqua ammonia, Urea, Phosphoric acid, Potassium hydroxide, Zinc EDTA, Manganese EDTA, Iron HEEDTA, Sodium borate and a proprietary blend of Ammonium and/or Potassium Monocarboxylates, Di-Carboxylates, and Metal Salts of Polyhydroxy Carboxylates and 2-Hydroxy-1,2,3-Propanetricarboxylates.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Read entire label for additional precautionary statements.

Manufactured By:
Coastal AgroBusiness, Inc.
Greenville, North Carolina

ADVANCE is a plant growth enhancer that contains a blend of highly-refined nutrients and natural carboxylic acids that enhance solubilization and uptake of plant nutrients. Advance can be used in a variety of applications as a soil application to aid early season plant development

PRECAUTIONARY STATEMENTS / HAZARDS TO HUMANS

CAUTION: May be harmful if swallowed, inhaled, or absorbed through skin. May cause eye irritation. Avoid breathing dust or spray mist. Avoid contact with skin, eyes, and clothing. Do not apply this product in such a manner as to directly expose workers or other persons. Before using this product, read all precautions, directions for use, condition of sale - limited warranty and limitations of liability and remedies.

STATEMENT OF PRACTICAL TREATMENT

If inhaled: Move victim to fresh air.

Give artificial respiration if needed. See a physician. **If swallowed:** Give a large amount of water to drink, make person vomit and immediately call a physician. Do not induce vomiting or give anything by mouth to an unconscious person.

If in eyes: Immediately flush eyes with clean water for at least 15 minutes. Call a physician if irritation persists.

If on skin: Remove contaminated clothing and wash skin with soap and water. Call a physician if irritation persists.

STORAGE AND DISPOSAL

Store in original container only. Keep packages tightly closed and do not allow water to be introduced to container contents. Do not store this product near heat or open flame. This product will freeze at temperatures less than 30 degrees F. Thawing occurs readily at temperatures greater than 32 degrees F.

Container Disposal: Empty packaging should be offered for recycling or disposal in accordance with Federal, State and Local authorities. If packaging is burned, stay out of smoke.

AGRICULTURAL USE REQUIREMENTS AND USER SAFETY RECOMMENDATIONS

Eye protection and waterproof gloves are recommended when handling this product.

DIRECTIONS FOR USE

For in-furrow, banded, side-dressed and broadcast applications through conventional equipment use ADVANCE at rates derived from the table below.

CROP	RATE
Cotton	Apply 1 - 2 quarts per acre as an in-furrow application or in a band over the row.
Peanuts	Apply 1 - 2 quarts per acre as an in-furrow application or in a band over the row.
Corn	Apply 1 - 2 quarts per acre as an in-furrow application or mixed with starter fertilizer.
Tobacco	Apply 1 - 3 quarts per acre in tobacco transplant water solution.
Small Grain	Apply 1 - 3 quarts per acre.

With the use of this product, best results are obtained when ADVANCE is incorporated, injected or applied alone in a narrow band as close as possible to the germination and rooting zone of the crop (minimum depth 2 - 4 inches). The recommendations for the use of this product are based upon the best current information available.

When used in conjunction with pesticides, always read and follow pesticide manufacturer's label. Ask your dealer about more specific applications for Advance.

SHAKE WELL BEFORE USING

SPRAY MIX COMPATIBILITY

Applications of ADVANCE with pesticides are possible provided that good agitation of the spray mix is maintained. Always check compatibility prior to large scale mixing and apply the spray mix as soon as possible. Follow the mixing sequences below:

1. Water
2. ADVANCE
3. Pesticides

ADVANCE is compatible with most liquid fertilizer/pesticide spray mixes at manufacturers specified label rates. However, it is recommended that a “jar test” be performed prior to actual application. In the event of fertilizer/pesticide compatibility problems, the addition of Co-Mix compatibility agent is recommended. Follow the mixing sequence below:

1. Water
2. Fertilizer
3. ADVANCE
4. Co-Mix
5. Pesticides

NOTICE : Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the directions contained on this label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. These risks include, but are not limited to damage to plants, crops, and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops, and personal injury.
