

N-Put

Minimum Guaranteed Analysis:

Active Ingredients:	
<i>Pseudomonas siliginis</i>	1 x 10 ⁵ CFU/ml
<i>Curtobacterium salicaceae</i>	1 x 10 ⁵ CFU/ml
Inert Ingredients: Aqueous Carrier	98%

CAUTION

Keep Out of Reach of Children

General Information

N-Put is a ready to use blend of 2 biologicals that live inside the plant. The biologicals convert atmospheric nitrogen to a useable form inside the plant and increase the metabolism of phosphorous. N-Put increases nitrogen availability to feed your crop all season long. N-Put is not a fertilizer substitute.

Precautionary Statements

May cause eye and skin irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly after handling. Use of rubber gloves and eye protection is recommended when handling this product.

Storage and Disposal

Store in a cool and dry location in temperatures between 35° and 70° F in original packaging. Only open package when ready to use.

Directions For Use

Shake or agitate contents of package to mix thoroughly. Open package only when ready to use. Add to tank last. Apply product foliar with 10-20 gallons of water. Apply product in furrow with the seed in enough liquid carrier to ensure good seed contact. Calibrate sprayer to correct rate. If mixing with herbicides, do a jar test first and apply within 12 hours of mixing. Compatible with liquid fertilizer up to 2 days. Agitate if not used right away. Foliar application should be made when plants are actively growing.

Application Rate

Apply at a rate of 16 oz. per acre foliar or in furrow.

Notice: Coastal AgroBusiness, Inc. assumes no responsibility for loss or partial loss of crop from any cause whatsoever. Recommendations for use of this product are based upon tests believed to be reliable. Because time, place, rate of application and other conditions of use are beyond the control of the manufacturer and/or distributor, responsibility resulting from its misuse, seller liability from handling, storage, and use of this product is limited to replacement of product
