

Prepare Now for Next Season's Profits

Tune up your planter now for future success

Let us transform your planter

98%+ Accuracy: A seemingly small difference over typical meters, but a big impact on
Yield and Return On Investment.

Coastal AgroVision is here to bring your precision and accuracy where it should be.

Call today to service and calibrate your meters.

Service and Calibration includes:

- "As is" testing
- Clean and inspect
- Check parts and operation
- Replace parts as needed
- Retest and adjust
- Certificate of performance for:
 - Population
 - Singulation
 - Skips and multiples

All testing performed with:

MeterMax® Ultra
SeedSense®

Improve Precision and Accuracy

\$10 Off Per Meter
